2. You will remember Woolsey's recommendation to you of [ ] I interviewed [ ] he turns out to be retired and older than I expected. We had a cordial conversation which ended in mutual agreement that this was not the right job for him. I am continuing my search for an assistant.

3. I understand that you have taken an interest in Bob Gates, an NFAC officer serving on the NSC Staff. I would like to put a string on Gates, because he is precisely the sort of man who could bring a new and driving spirit to the SWS if we decide to keep it. This is very preliminary and I would like to discuss my ideas with you when I return and when the study of the SWS that we are launching this week is completed.
